Contractor Training Heat Pump Summit

April 23, 2024
Des Moines, Iowa

The residential HVAC market is changing—and changing fast!

Prepare your business to profit from this transition by embracing heat pumps.

Special thanks to our partner

Please join the Midwest ASHP Collaborative and the Iowa Waste Reduction Center on **Tuesday, April 23**, for a free contractor training summit on ASHPs.

This **half-day training event is free for area HVAC contractors** and will include opportunity for attendees to learn about ASHPs from technical experts, manufacturers, and distributors.

Many topics will be explored, including heat pump sizing and selection, load calculations, available and upcoming rebates and incentives, and others.

This location features an adjoining exhibit hall for manufacturers and local distributors to table.

Registration is required and can be done by visiting:
desmoines-ashp.eventbrite.com

Event Details

DMACC Urban Campus
1144 7th Street
Des Moines, IA 50314

Ample parking is available.

Breakfast and lunch will be provided.

Doors open at **7:30am**, with programming beginning at **8:00am** and the event concluding with a provided lunch at noon.

Ideal attendees include: installers and service technicians, as well as local business managers and owners.

Please contact **contractortraining@mwashpcollab.org** with any questions or to get involved in future events.
